

A webinar in Tsukuba Global Science Week (TGSW)

Global Development of Higher Education Focusing on University of Tsukuba Branch Campus in Malaysia

-40th Anniversary of the Look East Policy-

29th Sep, 2022

17:00-19:30 (MST) / 18:00-20:30 (JST)

We are preparing to launch University of Tsukuba Branch Campus in Malaysia to promote a higher education starting from the issues based on the social demand and the student's view points, and we try to be across the multiple borders such as walls of the academic fields, national borders to achieve a frontier of education system and contents in the branch campus.

In this session, we discuss tasks and the perspectives to perform a trans-border education with the multiple stakeholders of the branch in the 40th Anniversary of the Look East Policy in Malaysia.

Keynote Lecture
